

**Job title:** Web Design Contractor

**Reports to:** Web Lead

## Why work for Avalanche:

Avalanche Creative is a small but growing SEO agency that is committed to getting great results for our clients. We take a different approach to SEO that ensures our customers feel educated and cared for and that they get the results they are seeking. This position will play an essential role in driving SEO strategies for our clients and ensuring that deliverables are achieved in a timely, high-quality manner.

**Rate:** \$30 - \$50 per hour, based on experience and skill level

## What you will do:

- Create mockups of web pages in Figma or Adobe XD from provided content and based on the client's branding guidelines
- Create Beaver Themer layouts and design a custom theme based on client website discovery notes and benchmark sites
- Use our project management software, ClickUp, to track time, work, and make project requests
- Address website feedback and resolve issues assigned
- Occasionally attend client meetings to review websites

## What we're looking for:

- Proficiency with Figma or Adobe XD
- An eye and experience for design (specifically web)
- Experience with web builders such as Beaver Builder, Elementor, or Divi
- Great communication skills (will have discovery and touchpoint meetings with our internal team)
- Experience with project management software (ex: Asana, ClickUp, Monday)
- Bonus: Some knowledge of HTML
- Bonus: Knowledge of Advanced Custom Fields and Custom Post Types

*See next page for position details and how to apply.*

## Position details:

- You set your own schedule, although, being mostly available during regular business hours on a fairly consistent basis is preferred (9 am to 5 pm ET)
- Minimum of 10 hours per week is preferred
- Remote position
- Must be willing and able to use your own technology
- Authorized to work in the U.S.
- Looking to have someone onboarded mid- to late-February
